## Objective

Aspiring and detail-oriented Full Stack Developer with a passion for creating scalable web applications. Eager to join a forward-thinking organization where I can apply and expand my technical skills while contributing to impactful software development projects.

## Professional Summary

Motivated Full Stack Developer with hands-on experience in back-end development using Java, Spring Boot, and Hibernate, and strong foundation knowledge of front-end technologies like HTML and CSS. Proficient in working with SQL-based databases such as MySQL and PostgreSQL. Familiar with the entire Software Development Life Cycle (SDLC), capable of building maintainable APIs, and skilled in problem-solving and collaborative development environments.

## Technical Skills

Languages : Java(OOPs, Collections, Interface, Exception Handling)

Back-End : Spring Boot, Hibernate

Front-End : HTML, CSS

Databases : SQL, MySQL, PostgreSQL

Tools : Postman, Eclipse, VS Code

## Certification

Full Stack Development

- Hands-on experience in end-to-end software development.
- Practiced full-stack application development using Java, SQL, JPA, Hibernate, Spring Boot, HTML, and CSS.
- Applied OOP principles and best practices in database schema design and modular coding.
- Completed and deployed a Shopping Mall Management System as a capstone project.

## Projects

### Shopping Mall Management System (Sep 2024 - Nov 2024)

Technologies: Spring Boot (Backend), PostgreSQL (Database), Postman (Testing)

- Developed a fully functional backend using Spring Boot with RESTful API endpoints to handle mall operations.
- Designed and implemented a normalized PostgreSQL schema for managing tenants, shops, employees, and services.
- Built CRUD operations for various modules and validated APIs using Postman (GET, POST, PUT, DELETE).
- Implemented proper exception handling, data validation, and secure data transactions to ensure API reliability.
- Gained strong exposure to backend architecture, database interactions, and API testing practices.

## Education

B.Tech-Information Technology | Excel Engineering College, Namakkal | CGPA: 7.8 | 2021-2025

Class XII | Tamil Nadu State Board | 83% (2021)

Class X | Tamil Nadu State Board | 75% (2019)
